

YELLOWMARK™ UNDERCARRIAGE OPTIONS FOR THE D3-D5

THE RIGHT FIT

**FOR YOU, YOUR MACHINE—
AND YOUR BUDGET**

No one understands your machine like we do.

Developed by Caterpillar and ready to buy from your local Cat® dealer, Yellowmark™ small tractor undercarriages are made to give you a convenient, reliable solution at a lower cost.

The Yellowmark undercarriage is developed for (but not limited to) construction applications - and are especially well suited for sandy soil or lower-impact applications such as finish grading, sand, dirt and clay. These undercarriages offer the reliability you've come to expect from a Caterpillar product at a price that won't break your budget.

YELLOWMARK™

A Caterpillar Brand

YELLOWMARK™ UNDERCARRIAGE OPTIONS FOR THE D3–D5

Why choose a Yellowmark Undercarriage?

- A reliable, industry standard option developed with construction customers in mind
- Backed with a 12-month Yellowmark parts warranty (see your dealer for complete warranty details)
- Available through your Cat dealer
- Yellowmark is built as a “run to destruction” undercarriage
- Requires minimum maintenance using standard inspections
- Custom Track service is available through your Cat dealer to help you manage your undercarriage life
- Yellowmark service options for:
 - Link Assemblies
 - Idler Groups
 - Roller Groups
 - Sprocket Segments

Undercarriage Assurance

- Yellowmark also provides extended protection through Undercarriage Assurance at 2 year/2,000 hours (See your dealer for complete Undercarriage Assurance Details)
